In accordance with K.S.A. 82a-1041, Big Bend Groundwater Management District #5 ("District") is pursuing a Local Enhanced Management Area ("LEMA"). On February 15, 2018, the District board presented the key components of the draft LEMA plan at the annual meeting. These components are: 1) end gun removal within entire LEMA area, 2) implement streamflow augmentation at a rate of 15 cubic feet per second ("cfs"); and 3) promote movement or retirement of water rights out of sensitive areas of the LEMA. The draft LEMA document is available for public review and comment. Please use this form to submit comments and concerns to the District by **March 1, 2018**.
