Guests present via Zoom video conferencing were Abe Lollar, Jeff Lanterman, Mike Oldham, Aaron Deters, and Earl Lewis.

The July regular board meeting was called to order at 7:00 p.m. by Darrell Wood.

A brief discussion regarding a Ducks Unlimited proposal to the USDA-NRCS Conservation Innovation Grant program was added to the agenda as item 5a.

<u>Phil Martin moved, and John Janssen seconded to approve the June minutes as presented.</u> <u>Motion carried 5-0-1.</u>

Orrin Feril provided the board and public with the July treasurer's report and highlighted the unique items for further board review. <u>Phil Martin moved</u>, and <u>Tom Taylor seconded to accept the July treasurer's report as presented</u>. <u>Following discussion</u>, the motion carried 5-0-1.

Orrin Feril discussed staff activities for the past few weeks and upcoming months. Devan is in the middle of the assessment process that will run through the middle of August. This is the primary funding source for the District annually. The CKWBA evaluation officially wrapped up recently and some changes are likely to be coming. As those develop, the board will be kept in the loop. The Request for Qualification ("RFQ") packets went out to prospective engineering firms recently for the Watershed plan process. These are due back in the office by July 30. Recently, the five groundwater management district managers met with the directors for KACD and KDA–DOC to improve program coordination between the agencies and to discuss possible conservation programs. Each GMD is being asked for a "wish list" of programs for their regions. These will be compared to see if a state-wide conservation program(s) might be developed in coordination with KACD and KDA–DOC. The board discussed several ideas in addition to water right purchases, water right transfers and irrigation technology improvements including cost shares for: moving powerlines, irrigation system efficiency evaluations, and tree cleanup.

Mike Oldham, USFWS, reported that the canal cleanup project is anticipated to be awarded by the end of July. Internally, USFWS is looking to hire an assistant manager of water management in August. Jeff Lanterman, KDA–DWR, provided an update on the status of water right application number 50388. Keadron Pearson, KWO, stated that the KWA will be meeting on August 17 in Garden City. The Great Bend Prairie RAC will be holding their next meeting toward the end of July and will focus on budget recommendations for the KWA. Additionally, the draft state water plan update will be available soon for public comment.

Recently, the District was approached for a letter of support for a proposed Conservation Innovation Grant (CIG) to evaluate Low Tech Process Based structures to address resource concerns in the Great Plains region. Abe Lollar and Aaron Deters provided additional details about the structures. Jeff Lanterman joined in the discussion regarding water right impacts and the need for water rights for these structures. Concerns were expressed regarding water availability for

downstream water users during water stressed times. Orrin Feril provided a draft letter of support for consideration by the board. <u>Craig Zwick moved</u>, and <u>Marlyn Spare seconded to approve the draft letter of support for the CIG proposal</u>. Following discussion, the motion carried 4-1-1.

Darrell Wood recessed the regular board meeting at 8:00 p.m. and opened the budget hearing to consider the 2022 budget. Orrin Feril provided proof of publication for the hearing and provided copies of the proposed budget to all in attendance. Mr. Feril read the proposed budget noting any proposed changes from the adopted 2021 budget. President Wood then asked for any comments and questions from the audience. Following discussion with the audience, President Wood called for the hearing to close and reconvened the regular meeting at 8:10 p.m.
